THE WORLD'S GREATEST LIGHTHOUSES

Language of Publication English

Escape into these spectacular color photographs of more than 50 of the world's most beautiful lighthouses. They hail from North American shores such as the Outer Banks, Nova Scotia, Bermuda, and the California and Oregon coasts, as well as throughout the Mediterranean, the North Sea, the South Pacific, Asian waters, and the Caribbean. This book is dedicated to the lighthouses of history, legends, films, novels, and personal reveries. Spectacular Atlantic storms rage just outside the cozy interiors, which often contain the most unusual furniture. The text covers the individual characteristics, location, and history of these extraordinary coastal monuments, together with their technical development and the complex psychology of the modern-day hermits who live in them. This book is for all who love the seacoast and its architecture.
