with NATURE

SALT: The simplest protection ingredient in your pantry. Sprinkle some in the corners of your room to keep away negative energy. You can make a spray using moon water and a pinch of salt, to spray on yourself (lightly) to shield yourself from unwanted energies. Use it to cleanse away negative energy by adding it to your bath!

PEPPER: Pepper is another great protection herb. It can be added to spell jars to protect your room from unwanted energies or kept in your pocket to ensure you are kept safe.

THYME: Thyme is great for healing magic. Maybe you are feeling under the weather or a family member has a cold. Using thyme as a key ingredient for a speedy recovery is ideal.

BASIL: Basil is traditionally used for money magic, but it can also be used for all sorts of abundance. Perhaps you are hoping to raise money at school or you are trying to win a contest. Mix a bit of basil with other luck herbs and you have the basis for a strong spell. Basil can also be used to lift the mood. If you and a friend are fighting and you want to break the ice and mend the friendship, basil can give you the courage you are lacking.

ROSEMARY: Rosemary is a great all-purpose herb. Traditionally used for protection and cleansing, rosemary can be used to substitute one herb you may be missing from spell work that calls for something you don't have.

BAY: Bay can be burned to make your wishes come true. Now please do not burn anything without supervision, as it can be very unsafe! Bay is all about manifestation and seeing our wishes come true. Write your wishes on a bay leaf and add it to your spell jars or burn them in a safe space over a cauldron or fireproof bowl. You can keep the ashes and use them for future spells that use the same energies.

PET PROTECTION SPELL

This spell is for protecting our furry friends.

Day of the Week: Monday
Time of a Day: Morning or a Full Moon

For this spell you will need:

- Pet collar or Name Tag
- Cauldron, or fire safe dish
- Salt
- Dill
- Lavender
- Peppercorn
- White Candle
- Sigil made by you

In your dish/cauldron you will line the bottom with a generous layer of salt. In the salt, we will draw the sigil you created using the line "protection from harm for [pets names]", you created above. Next, we layer your herbs and place your pet's item to charm in the dish. In the center of the collar, or next to the name tag place your white candle. Light said candle and repeat as follows:

Keep [pets name] safe from harm. Let it act as a barrier with this charm. To keep our family safe and sound, And always have them homeward bound.

Let the candle burn out, and place it on your pets. I personally would top this up as it feels right, or after any scary encounters with their safety.

EMERALD CITY

Un deserto arido circonda il fertile Regno di Oz se ogni lato attraversato è un'impresa pericolosa e complicata, e con la maggior parte degli esploratori rinuncia.

Si racconta che molti paesi si siano giunti per caso, involontariamente, senza sapere un preciso itinerario di viaggio. Ha assunto ormai contorni di leggenda l'arrivo di una bambina dal suo cane disertamente dal cielo proprio così, un violento tornado ne ha sollevato la capanna e l'ha tratto proprio nel mezzo della terra dei Marabutti.

Un momento di tal genere non è prevedibile, né tanto meno raccomandabile se si ha l'intenzione di visitare il famoso Regno della Città di Smeraldo.

Certo è che per giungervi è necessario essere dotati di grande fortuna ed avvio, perché la sua precisa collocazione non è mai stata segnalata.

Una volta giunti nel suo suolo, si nota presto la presenza di un'ampia strada costruita con mattoni tanto gialli da sembrare quasi impavidi d'oro segnata al modo migliore per giungere alla Capitale, quella Città di Smeraldo in cui ogni superficie, soffice e alta come il delirio di quella pietra preziosa è lucente.

Un po' di cautela per proteggersi dai marabutti di quel verde intenso sono consigliati.

IL PAESE DELLE BURNVILLE - GIRETTI

UNA LEEEEEEREEENTA
CACCIA
Il viaggio verso il paese delle meraviglie comincia dalla piccola città di Burnville, dove ogni abitante è estremamente felice, quasi orgoglioso nel segno. La chiave in oro è un oggetto molto prezioso e importante: sulle contratte pareti di terra si trovano sculture e quadri, anche pinguicchi e persino baracche di marmellata di anacardi.

A OGNI SERRATURA LA SUA CHIAVE!
Come aprire porte inaccessibili che promettono di proteggere in meraviglie giardini? Ovviamente con una chiave adatta! Bisogna porre grande attenzione a ogni tipo di serratura e ricorrenza, perché non sempre si potrebbe essere in possesso della giusta chiave. Oppure avere un corpo della dimensione ideale per attraversare l'uscio!

IL GIOCO PIÙ AMATO
Nel Paese delle meraviglie il cricket è il passatempo più apprezzato. In particolare il modo del Regno di Cuori! Praticarlo però non è affatto semplice, soprattutto per chi non lo ha mai fatto prima. Le palle sono rossi come sangue, le mazze sono verdi, mentre i fantasmi sono come da essere come matite: perché che non si lascino maneggiare con grande facilità!

COLOR DI ROSA
Un magnifico fiore dai petali profumati potrebbe essere ragione di un gran partito: quello di portare la testa. Nulla fa infuocare la Regina di Cuori come credere che un suo ordine sia stato disatteso. È un compagno di nome bianchi, quando lei lo vuole avere, è un problema da risolvere in fretta con tanta velocità variegati!

Akin

Akin is 11 years old and comes from Abuja, in Nigeria. His name means 'brave', and in fact he's not afraid of anything, although he sometimes gets into trouble! Jin-Kyong (known as Jin) is a 10-year-old girl from South Korea. She's a fan of K-pop music and a video game enthusiast, as well as an ace at anything technological. She and her father built a metal companion robot called Glo-Jin, which is very caring and a little... pedantic!

Auntie Gloria

Auntie Gloria is 35 and a science teacher. She's very cultured and often accompanies her nephew Neil and his friends on their adventures! She never goes anywhere without her little dog Lily, a very curious and lively poodle.

Flor

Flor is 9 years old and was born in Zaragoza, in Spain. She loves nature and wants to be a biologist when she grows up. She has a mild stutter, but is also very stubborn. When she gets an idea in her head, nothing can distract her from reaching her goal.

Best Friends for Earth

These four friends created a group: 'Best Friends for Earth'. They are passionate about saving Earth, but it's important to study how Earth works if you want to protect it, and discover its infinite secrets.
